Engineering Excellence - Infrastructure Development - Construction
Solutions - Project Delivery

About Us

ETO NAJEEB INTEGRATED SERVICE LTD is a professionally managed construction, civil engineering, infrastructure development, and project management company dedicated to delivering sustainable, high-quality, and cost-effective solutions for public and private sector clients across Nigeria.

We specialize in the planning, coordination, execution, and management of construction projects, providing end-to-end services from project conception and pre-construction planning to successful project delivery. Our approach combines technical expertise, industry best practices, and a commitment to excellence to ensure that every project is completed safely, efficiently, and to the highest professional standards.

At **ETO NAJEEB INTEGRATED SERVICE LTD**, we understand that every project represents a significant investment. Therefore, we focus on delivering value-driven solutions that maximize quality, optimize resources, and achieve our clients' objectives while maintaining strict compliance with engineering and regulatory standards.

Through innovation, integrity, and professional competence, we aim to contribute meaningfully to infrastructure growth and sustainable development across Nigeria.

Our Vision

To be a leading construction and engineering company recognized for delivering world-class infrastructure and building solutions through innovation, professionalism, and unwavering commitment to quality.

Our Mission

To provide reliable, efficient, and sustainable construction and engineering services by leveraging technical expertise, modern construction practices,

and strategic project management to create lasting value for our clients and stakeholders.

Our Core Values

- Integrity – We uphold the highest ethical standards in all our business dealings, ensuring transparency, accountability, and trust.
- Excellence – We are committed to superior results through quality workmanship, continuous improvement, and attention to detail.
- Professionalism – We operate with competence, discipline, and respect for industry best practices.
- Safety – We maintain a strong safety culture that prioritizes the well-being of our workforce, clients, and project environments.
- Innovation – We embrace modern technologies and innovative engineering solutions that improve efficiency and project outcomes.
- Client-Centered Service – We build lasting relationships by understanding our clients' needs and consistently delivering beyond expectations.
